FELIX ULTRA

0W/20 SN/CF

FELIX ULTRA 0W/20 is four season engine oil which has been formulated with synthetic oils and performance additives for superior protection and excellent fluidity. It has been developed to be used in diesel engines Passenger and commercial vehicles engines which work by gasoline. It can be safely used in cars, vans and small commercial vehicles engines.

Properties

- Provides fuel economy and long service life by excellent viscosity control property.
- It forms extra protection layer against to abrasion by bonding to surface of engines with smart molecules that contains.
- It makes easy to work at cold weather by its viscosity.
- Provides high resistance to tear due to high viscosity index.
